# WWD CELEBRATIONS BY RALLIS PUNE REGION

## WWD CELEBRATIONS BY RALLIS PUNE REGION

The World Wetlands Day was conducted in the village Saburdi, Taluk: Khed, District - Pune. This village is 65 Km from Pune city. It is situated near the base of Sahyadri Hill ranges, where average rainfall is high. The major cropping pattern is Rice in rainy season and vegetables like Potato, onion and leafy vegetables during winter. The small river passing nearby village is the major source of water (drinking, irrigation etc). Therefore, this village was selected for WWD day programme.

### **Recommendation Of the participants for adoption by them & fellow farmers**

- We can use the fully decomposed organic matter to the field to reduce the Methane gas.
- We can use Neem coated urea for paddy crop to reduce Nitrogen losses through water.
- Application of Nitrogen should be in 3 split doses.
- We can use the Safe pesticides ( green triangle ) to save the Frogs & spiders.
- We can save the soil erosion by growing green bunds around paddy field.
- We can save water for drinking and irrigation purpose by small bundings on River.
